

Green Power Switch™

Yes . . .

Residential Sign-Up

I want to make the Green Power Switch. Please sign me up.

Just fill out the form below, including your name, your account number, and the amount of green power you'd like to purchase every month. Green Power Switch is sold in 150 kilowatt-hour blocks. Each block adds \$4 to your monthly power bill. After you've filled in the form, return it to Tri-State EMC. Your account will begin to be billed within thirty days after submission.

Green Power Switch is presently available in the TVA service area from public power companies such as Tri-State EMC. Please select the block of power you wish to purchase.

- 1 Block (150 kilowatt-hours) \$4.00
- 2 Blocks (300kilowatt-hours) \$8.00
- 3 Blocks (450 kilowatt-hours) \$12.00
- 4 Blocks (600 kilowatt-hours) \$16.00
- 5 Blocks (700 kilowatt-hours) \$20.00
- Other _____ Blocks

The Center for Resource Solutions (CRS), an independent nonprofit organization, will perform an annual audit of Green Power Switch to verify that electricity from green power sources is sufficient to supply the amount of power sold.

By signing below, I agree to pay for the amount of blocks indicated above each month until further notice. I may cancel this agreement at any time. However, I must allow thirty days (30) for the cancellation to take effect. I understand that I am responsible for any charges incurred during this time period.
